research
Improve
communication
abilities

How to prepare a pitch: Simplifying the complex

1. Being clear and
comprehensible
to everybody

2. Engage the audience and
convey enthusiasm

3. Connect the research with a
bigger picture

1. Get straight to the main
goal

1. Explain the broad idea that
underpin the research

2. Focus on your passion for your
project

2. Create a thread and visualize
ideas

3. Convey informative results

3. Think circular
Explain how your results can be “a
starting point”
