Laurea Triennale: application is reserved to students who have obtained at least 15 ECTS by the date of application. However, by the date of departure, students must have obtained at least 40 ECTS.

Students enrolled in *Laurea Triennale* Courses who presume to graduate before the departure date, must provide a declaration expressing the intention to enroll in a *Laurea Magistrale* Course before departure; failure to comply with this requirement will result in the exclusion from the selection procedure. The period of study abroad can only be used after formal registration for the master's degree. At the time of departure, they must therefore be enrolled in a Master's degree course on penalty of loss of funding.

Laurea Magistrale: application is open to all students, regardless the number of ECTS obtained.

In order to be admitted to the University of Sydney, candidates must hold, within the two dates of registration at the University of Sydney, an English proficiency certificate listed in the following link: <https://sydney.edu.au/study/admissions/apply/entry-requirements/english-language-requirements.html> .

CONTRIBUTION

The contribution will be granted at the end of the mobility abroad, as a reimbursement, on presentation of original travel, board and lodging expenses documentation (receipts, flight tickets; **boarding cards must be attached**), till a maximum amount of € 2.500,00 per applicant, for a maximum of 4 students.

Students who are awarded similar fundings granted for the same purpose in the same academic year, by the Departments TESAF and DAFNAE, will be excluded.

Any procedure or expenses related to VISA are under the full responsibility of the selected students.

With regards to the health care, selected students are individually responsible for their insurance coverage.

APPLICATION AND DEADLINE

Along with the signed application form, students are required to enclose:

The signed application form and enclosures have to be delivered in person at the Department of Land, Environment, Agriculture and Forestry – 3rd floor, 1st stecca (Room 90) – no later than 18 May, 1:00 p.m.

Applicants whose applications are received, for any reasons, after the above-mentioned deadline, will not be admitted to the selection procedure.

SELECTION AND ACCEPTANCE

If the number of eligible applications overtakes the number of positions available, assignment will be awarded on merit ranking criteria by a Committee appointed by the Director of Department TESAF.

Such ranking will result from the sum of the scores obtained on the basis of the following criteria:

- the **weighted average grades**; for students enrolled in *Laurea Magistrale* Courses, the *Laurea Triennale final grade* will be also taken into account;
- the **number of ECTS acquired** by the student in relation to the total of ECTS that the student could acquire by the time of the application; for students enrolled in *Laurea Magistrale* Courses, ECTS acquired during the *Laurea Triennale* Course will also be taken into account;
- **English proficiency certificates**, where applicable;
- the **motivation letter** and **other documents** submitted.

If needed, the Selection Committee reserves the right to contact the candidates for an interview, in order to verify the information provided within the application and the English proficiency declared.

The results of the selection will be published on Departments TESAF and DAFNAE websites (<http://www.tesaf.unipd.it> and <http://www.dafnae.unipd.it>). Selected students will have to communicate their formal acceptance to ileana.dainese@unipd.it, no later than 5 days from the date of publication of the ranking. If such deadline is not met, they will be excluded by the selection procedure.

In case of renouncement of one or more selected students, suitable candidates will be selected according to ranking.

The applications of the selected students will be submitted to the University of Sydney for the final evaluation.
