

Postdoctoral Researcher in Grape and Wine Science

[Apply now](#) Job no: 492669

Work type: Fixed term - Full-time

Location: Adelaide

Categories: Faculty of Sciences

- **School of Agriculture, Food and Wine**
- **(Level B) \$86,147 - \$102,302 per annum**
- **Fixed-term position for 3 years**

The University of Adelaide is one of Australia's leading Group of Eight, research-intensive universities and is consistently ranked among the top 1% of universities in the world. Established in 1874, it is Australia's third oldest university with a strong reputation for preparing educated leaders and delivering research outcomes that contribute to local, national and global wellbeing.

The Faculty of Sciences is one of five faculties at the University of Adelaide. As the first university in Australia to grant degrees in science (1882), science has long been at the cornerstone of the institution and this continues today. As a research and education leader in fields such as biomedical sciences, agricultural, environmental and earth sciences, and photonics, the faculty offers an exciting and innovative work environment.

University of Adelaide employees enjoy a range of benefits and favourable work conditions that include opportunities for career development and advancement.

The School of Agriculture, Food and Wine is one of five schools in the Faculty of Sciences. The school is located at the University's Waite campus, the pre-eminent plant and agricultural science research site in the Southern Hemisphere. A number of academic courses are taught through the school in areas including: agriculture, viticulture and oenology, food and nutrition science, and plant biotechnology. The school represents a world-class concentration of scientific researchers, educators and infrastructure.

This role is an exciting opportunity for an experienced and dynamic postdoctoral researcher to work with a research grouping with expertise in a diverse range of disciplines and based across a number of Australian and international industry partners and research centres. Whilst based at the University of Adelaide's Waite Campus, it is envisaged that the appointee will spend up to half of their time working at the National Wine and Grape Industry Centre/Charles Sturt University in Wagga Wagga.

Salary: (Level B) \$86,147 - \$102,302 per annum.

Superannuation: An employer contribution of 17% may apply.

Term of position: This is a fixed-term position available for up to 3 years.

Position requirements

To be successful you should have:

- PhD in oenology, viticulture, food science or other relevant discipline.
- No less than 3 years postdoctoral experience in a relevant research-active role
- Research student supervision and project management skills

Please address and upload your responses to the selection criteria within the online application. If you have any queries regarding this position, please contact Professor Vladimir Jiranek, Head of Wine Science, telephone: 8313 6651 or email: vladimir.jiranek@adelaide.edu.au

Closing date: 13 October 2014.

The University of Adelaide is an Equal Employment Opportunity employer. Women and Aboriginal and Torres Strait Islander people who meet the requirements of this position are strongly encouraged to apply.
