

# INTERNATIONAL SUMMER SCHOOL on protection forests

Free of  
charge!

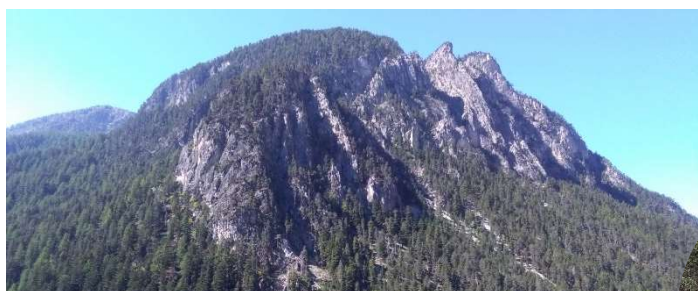

*«Alpine forests are Rock Stars!»*

FIRST  
CALL!

**Interreg**  
Alpine Space

In one of the most scenic areas of the Western Alps, the participants will have some hands-on training on the assessment and management of protection forests against rockfall.

## MAIN TOPICS

1. Ecology and management of protection forests against rockfall
2. Traditional and innovative field survey techniques
3. Risk mapping and computer modelling
4. Evaluation of costs and benefits
5. Field surveys

## WHERE

Cesana Torinese (Italy)

## WHEN

From 22<sup>nd</sup> to 27<sup>th</sup> July 2019

## COSTS

No fees for participation.  
Lodging and meals are covered by  
ROCKTHEALPS project

## DEADLINE

25<sup>th</sup> May 2019 (CV and motivation letter)

For submissions and more information:

**Niccolò Marchi** ([niccolo.marchi@phd.unipd.it](mailto:niccolo.marchi@phd.unipd.it))

## DETAILED PROGRAM

**Interreg**  
Alpine Space

### Monday 22

**Morning:** Participants' arrival and introduction to the project

**Afternoon:** Protection forests against rockfall: ecology and management

### Tuesday 23

**Morning:** GIS & mobile applications for field surveying

**Afternoon:** Field excursion

### Wednesday 24

**Whole day:** The use of RPAS for site characterisation: from flight planning to data processing

### Thursday 25

**Morning:** Rockfall simulation tools

**Afternoon:** Field excursion

### Friday 26

**Morning:** Evaluation of the economical value of protection forests

**Afternoon:** Team working

### Saturday 27

**Morning:** Final presentations and participants' departure
